***Notes:**

Bold names are those who are still alive at the time of this writing.

This compilation includes obituaries and biographies of:

1. Canadian Nobel Laureates
2. Canadian scientists who have things named after them in chemistry, physics, and mathematics
3. Other non-Canadian scientists whose careers were partly in Canada
4. Canadian scientists included in *Obituary Notices of Fellows of the Royal Society London*, *Biographical Memoirs of Fellows of the Royal Society London*, and *Biographical Memoirs of the National Academy of Sciences USA*
5. Canadian academic chemists featured in special issues of the *Canadian Journal of Chemistry* and other chemistry journals
6. Canadian academic chemists and chemical engineers mentioned in obituary notices in *Chemistry in Canada* and *Canadian Chemical News*.
